Being a volunteer means that you are offering something, something that is not required nor an obligation. To volunteer means that you are working side by side with others. This connects you to other human beings as you are working toward a common goal. When you volunteer, you are making connections.

We, Essex Elk's Lodge 1866, are in desperate need of some new volunteer's. Our volunteer's consist of the same group who are always willing to step in and help. Those wonderful people are understandably wearing down. The situation is now jeopardizing our ability to host/staff events that have long been associated with the lodge. A few hours a week would make a tremendous difference.
